616 Mass Ave wants to replace a roof in the back.
The Periwinkle sign on Mass Ave may be low and get hit by the plow, like
Ripped by Jules last winter.

7:45 **99 Main St. #1708 AR liaison – applicants not present.**
Applicants submitted a 6 panel wood door with 5 lite side lights to fit in
the existing front door opening and a Haas 920 single opening steel garage
door. Anita made a motion for the above including a requirement that no
carriage house “fake” hardware be put on the garage door, and a
recommendation that the styles, rails, and body of the garage door be
painted a single color. A further requirement constraining that the siding
shall be all clapboard and all clapboard visible from the street be wood
with a 4” exposure. This was added as the applicant asked about adding
fancy cedar shingles in the gable on the front of the house. Seconded by
FA, approved unanimously.

8:15 **282 Central St. #1720 FA liaison – applicants not present.**
Applicants want to change the lettering on one of the existing signs
attached to the side of the building. Fran makes a motion: replaces
existing, exact same dimensions sign with white background and black
lettering/details. Shrink the supplied design such that there is a 1 inch
spacing between the lettering and black boarder.

AR seconds. Motion approved unanimously.

8:40 As no further items on the schedule, the commission allowed a citizen question regarding 25-27 School street – no application exists; as per the HDC bylaw, since there is no pending application, all discussions were non-binding. David Veo (DV) and Laura Veo (LV). DV asked if the small building on the site that was being discussed moved around, could be moved off site. The commission members agreed it could be moved off site. DH proposed trying to combine the property owned by Dan Porrazzo (9 School street), the parking lot owned by the town and 25-27 school street to move the parking to the back of all the property. DV felt if the parking situation is solved they could preserve the main house structure where it is. DH said the town needs 25 spaces that it uses for commuters. DH is going to have a meeting with Matt Selby the Director of Land Use and Economic Development.

9:25 Meeting closed.
