*****This BOH agenda was posted in case a quorum of BOH members attended this meeting. A quorum of the BOH was NOT present.

The EPA held a virtual information session for the W.R. Grace site which the Board of Health attended. The purpose of the meeting was to overview the history and current status of WR. Grace. The EPA also outlined some plans for future development and discussed the placement of a solar array.

Two Board members attended this meeting but did not deliberate.
