

Meeting Notes: Green Advisory Board March 15, 2010

Kate Crosby, Dennis Loria, Terry Lindgren, Paulina Knibbe

Stretch Code

Simple majority for stretch code. Need to get bodies in seats. Very likely the 2nd night

Another forum on Monday March 22nd. High School Library.

Thursday March 25th at Beth Eolheim open to the public

Tom is writing letter to the editor on the Stretch Code

Kate making an appointment with Bob Burgess.

When IEEC 2009 implemented in July 2010, stretch and base code almost identical for renovations.

Green Community

Stretch goal: State will be committing \$7 million to Status of Green Community. Max of \$1 million for this fiscal year per community.

All five steps by May 14th

Need to submit applications by May 28th

Energy Efficient Vehicles

- Passed by BoS and School Board
- Plan
- Inventory

Energy Reduction Plan

- Passed by BoS and School Board
- Plan to reduce 20% in five years
- Inventory

Expedited Permitting for manufacturing

- All the permits are required to be within a year, each individually within a year, but developers do stagger, and thus can easily be longer than a year. Does this mean within a year for the totality or for each individual permit.
- Need to certify that an application is complete.

Fuel celled vehicle

Energy person for a two years worth of time

Low interest loans

Infrared cameras

Blower Door parties

Energy intensity

Smart grid
