

SOUTH ACTON TRAIN STATION ADVISORY COMMITTEE
MEETING MINUTES
OCTOBER 18, 2018
7:30pm
TOWN HALL ROOM 126, 472 MAIN STREET

Opening

Chair, David Martin, opened the meeting at 7:30pm

I. Regular Business

1. Comments from the Public

A citizen comments that they are looking for a comparison between distant parking lots and the benefits of installing a solar canopy. Another was looking for rail shuttle scheduling around Acton Center.

2. Notes from the chair

Chair comments that there is the potential for an opening at the chairmanship.

II. Special Business

3. Town projects update: landscaping study, traffic study, parking changes, etc.

Carpool lot was converted.

4. Station site & ARRT terminus: bike racks, etc.

Ribbon cutting for bikes.

5. Park & Bark

Discuss email regarding usage of Walker property (RT2/RT27). The committee doesn't necessarily see an issue. No real concerns.

6. Solar canopy, and related

David attending Green Advisory Board meeting to exchange information and advocate for SATSAC position.

7. Parking deck investigation

Corey met with MPD to have initial discussions on scope of work. They evaluate small scale studies on projects such as this. Also reviewed dropoff counts on different days. Corey will reach out to consultants to get a feasibility quote on parking deck. Cost possibly to come out of parking lot revolving fund.

III. Closing Items

8. Future meetings and calendar events

Adjournment

At 8:09pm, it was moved and seconded to adjourn the meeting. The motion was approved unanimously.
