Minutes Review

May 28, 2014

April 22, 2015

Approved

Review and revision of upcoming meeting schedule.

We will have a special meeting on Wednesday, 8/19 with Doug Haley.

Upcoming regular meetings are rescheduled to 9/23 and 11/18, all at 7:30 pm

Potential new member:

Randall Bashta may have joined already. Jim C. will email him to ask status.

Discussion of the interaction between transportation issues and policies decision makers in town, especially Doug Halley.

Updates from Franny on current transportation initiatives. Franny is now vice chair of MAGIC (MAPC 's 13 town region group). RCC is like Magic but more towns. It is run by state. All about mobility; MAGIC has a broader mission. RCC is state run.

Discussion about options for expanded MinuteVan service.

Scott Zedekis, employee of Transaction, is the director of Cross-town connect. Cross town connect or the town or Transaction is managing the fixed route. Doug Haley is coordinating.

Proposed route is to go to Avalon instead of TAC's proposal of going through Nonset Path. Franny will get more specifics about route, route timing and data. (Franny)

At our next meeting, 8/19, we should assign someone to appear in front of BOS to speak about fixed bus route.

Franny has requested appearance of TAC at 9/14 BOS meeting.

Adjourned at 11:00
