

## GREEN ADVISORY BOARD

**MEMBERS OF THE GREEN ADVISORY BOARD WILL BE ATTENDING THE ACTON SOLAR SEMINAR TO BE HELD AT WEST ACTON VILLAGE WORKS THE GALLERY (2ND FLOOR) 525 MASSACHUSETTS AVENUE, ACTON MA**

**TUESDAY MARCH 22, 7 - 9 PM**

### **SUMMARY**

Making a decision on how to take advantage of solar energy for the average homeowner can be a daunting task. The options are myriad, the incentive programs are complex, and the rules and programs seem to be continually changing. The intent of this seminar is to help homeowners and condo owners make a decision if solar is right for them and the best way to take advantage of this clean energy option. This seminar brings together solar industry experts to address each of these issues including the installation options, the financing options, and the current and potential future state and federal incentive programs.

This seminar is co-sponsored by the Acton Green Advisory Board and Green Acton and open to the public.
