ACTON -- Chief Robert Hart is pleased to announce the Acton Fire Department is seeking applicants for open Firefighter/Paramedic positions.

The Acton Fire Department is currently looking to hire three Firefighter/Paramedic positions. Responsibilities include responding to emergency fire, rescue and medical incidents and providing support functions, such as vehicle and equipment maintenance, emergency responses, records and reporting duties.

The department has also produced a video to highlight the benefits of working for the department, including the state-of-the-art equipment, the ongoing training opportunities, and the support from the Town as a whole. A new fire station is also in the works, which will be a modern facility designed with cleanliness, health and safety as a priority.

"The Town of Acton is a welcoming organization and a great place to work. We are excited to announce three opportunities to join our team," Chief Hart said. "We run out of three stations (soon to be four when construction of our new North Acton Fire Station is completed later this year) and we have all of the modern equipment for firefighting and providing advance life support services to our community. Our employee benefits are better than most communities in the area and we produced a video to highlight some of other reasons professional firefighter/paramedics should consider a career with Acton Fire Department."

More information about the department and what it is like to work there can also be found on their [Twitter](#) and [Instagram](#).

To learn more about the position and/or apply, click [here](#).

The position will remain open until filled. The Town of Acton is an equal opportunity employer.
