## TOWN MANAGER'S UPDATE

The North Acton Fire Station ribbon cutting ceremony was held on Friday, June 10th and was well-attended by state and local officials and the Acton community. This state-of-the-art facility was delivered on-time and on budget and will serve as a model for future public safety facilities, particularly for its innovations in environmental sustainability. Thank you to the Select Board, Finance Committee, Building Committee, and voters for your support of this project. For those who were not able to attend the ceremony, a recording was made available by ActonTV and can be viewed by visiting [actonma.gov/firestation](http://actonma.gov/firestation).

Summer is one of the busiest seasons for the Recreation Department. I encourage all residents to take advantage of the numerous opportunities made available for the community, including the popular concert series (featuring acts such as an Aerosmith or Pink Floyd tribute band), summer camps including a new program "Camp Hill Top," and bus trips to destinations including Red Sox v. Yankees and Martha's Vineyard. I would like to thank Director Melissa Rier and Events Coordinator Maura Haberman for their creativity in providing quality recreational experiences for the community. For more information on summer programming, please visit [actonrec.com](http://actonrec.com).

## About the Award

Each year town employees are invited to nominate their co-workers for the “Joseph A. Lalli Merit Award”, generously supported and funded by the Steinberg-Lalli Charitable Foundation.

Mr. Joseph Lalli was a strong supporter of public service and wished to leave a legacy by acknowledging a public safety employee and municipal employee each year for their outstanding performance and their extraordinary contributions made to the town and the various programs and services provided to our citizens.

## History of Mr. Lalli

Mr. Joseph A. Lalli was born and raised on a small farm in Maynard to Italian immigrant parents. His father worked in the woolen mills in Maynard as did Joe in his youth. At the time, Maynard was a melting pot of immigrants from many different countries. People of that area derived their livelihood almost entirely from the mills, and the other small businesses that served the workers and their families.

A survivor of rheumatic fever – the disease scarred Joe’s heart and he was forced to find a less strenuous occupation than millwork. He graduated from Fitchburg State College and spent a good part of his working life as an educator in New England. Joe worked diligently at other ventures: growing vegetables, running a bowling alley, starting a driving school, and selling postage stamps to collectors. He lived frugally and invested wisely in the stock market, in cultivating blueberries, in oil and gas partnerships and real estate. Mr. Lalli was very successful.

Many years ago, Mr. Lalli and another local businessman became partners in various ventures, including some here in Acton. A charitable foundation was formed by these two individuals to do good works and share their success with other worthy individuals.
